ALL ABOUT
SPEECH & LANGUAGE

Tiny Socialights - Social Skills Program

The goal of our Tiny Socialights social skills program is to facilitate early social skill and peer development across the school, home, and community settings. Strategies are taught to help better manage routines, expected behaviors, and coping skills within each child's daily life. Peer development activities instruct children in social thinking, to increase awareness of their own and others' thoughts/feelings, as well as conversational skills and joining and collaborating in play. We will focus on additional areas such as language processing and expression, and attention and focus. The classes will be an hour in length and will be planned and led by Speech-Language Pathologists with frequent consultation and collaboration with Occupational Therapists. Your child will receive therapeutic support that will aid in transitioning through the early school years, and cultivate a more enriching and successful experience within home and community environments.

Class Age: Recommended for ages 4 – 7 (with flexibility depending on group dynamics)

Class Size: Limited and designed to best meet the needs of every child. Each child will be screened prior to admittance into our program to determine appropriateness of and readiness for enrollment. Please call at your earliest convenience to schedule a time for this screening.

There will be a \$60 fee for the screening. This is due at time of the screening by check or cash.

Locations/Times:

South Tampa Office: 324 N Dale Mabry Hwy., Ste. 201, Tampa, FL 33609

Tuesdays: August 28 - December 18, 2018, 4:00-5:00 p.m., ***excluding November 20, 2018***

Cost: \$60 per class. You will receive a monthly statement from PatientPay, our credit card processing partner, for the prior month's charges. One absence will be excused during this program; otherwise, you will be charged regardless of attendance. Attendance is critical for the integrity of the group experience.

Contact Information: info@aaspeech.com or 813-616-4004 to schedule a screening.
