ALL ABOUT  
**SPEECH & LANGUAGE**

## *2019 Summer Programs (Limited availability; register now!)*

**Summer Schedule: June 4 - August 9, 2019**

### **Intensive Reading Program (S. Tampa Office)**

**Program Description:** Licensed Speech-Language Pathologists trained in Orton-Gillingham, Lindamood-Bell, and TLC Lively Letters will provide intensive 1:1 instruction in reading development for all ages. Our expertise in multiple rule-based, multi-sensory reading programs allows us to individualize the curriculum to best support your child in building his/her reading foundation and to increase his/her current reading fluidity and level of comprehension. Instruction will be offered in multiple timeframes depending on what best meets the needs of each child.

Pricing Structure:

\$115/hour, 5% discount if pre-paid by June 3, 2019.

Contact us today for details regarding our availability and to customize a schedule for your child!

### **Handwriting Helpers (Riverview Office)**

**Program Description:** This program is designed for children ages 3-6 and 7-10 years old, led by experienced occupational therapists. Children will participate in small, 1-hour group sessions, targeting the development of the underlying and component skills required for handwriting production (visual motor and perceptual skills, fine motor strength and endurance) as well as instruction on compensatory methods (tips and tricks to assist in spacing consistency, letter placement, line regard). Instruction is based on the Handwriting Without Tears Curriculum and interventions are delivered through developmentally appropriate, hands-on, & multi-sensory approaches to learning.

Tuesdays, 5:00-6:00pm; \$75/session

### **Move with Me (Riverview Office)**

**Program Description:** This rhythmic movement group developed and led by licensed Occupational Therapists is a program designed for children of all ages. Small, 1-hour group sessions will focus on fusing brain-body connections while engaging in a variety of adaptive yoga inspired sensory-motor based activities. Sessions are designed to target organization of the central nervous system for increased attention and regulation, improved gross motor function and planning skills, increased strength and flexibility, and improved body awareness. Siblings are invited to join in on the fun!

Wednesdays, 1:00-2:00pm; \$75/session

### **Social Success (Riverview Office)**

**Program Description:** This program, developed and led by experienced Occupational Therapists and Speech-Language Pathologists, is designed for children ages 5-8 years old and 9-12 years old. Children will participate in small, 1-hour group therapy sessions targeting the development of social skills needed for successful interactions in peer relationships through occupation-based tasks (for example: collaborative games, projects, and activities). Groups will focus on establishing pro-social behaviors and learning social expectations, understanding and developing peer connections, and gaining the functional skills needed to participate as part of a group. Each child will engage in age-appropriate activities to build his or her social skills and lay the foundations for making and keeping friends.

Wednesdays, 5:00-6:00pm; \$75/session
