

ALL ABOUT
SPEECH & LANGUAGE

Full-Time and Part-Time Occupational Therapist Positions

All About Speech & Language (AASL) is seeking licensed Occupational Therapists with a Master's Degree in Occupational Therapy, along with experience treating pediatric clients, understanding developmental milestones, and independently executing evaluation and treatment plans to meet children's and their families' needs.

AASL is a private pediatric practice in Tampa, FL. Founded by innovative and skilled speech-language pathologists, AASL works with individuals with special needs through their lifespan, from early childhood through adulthood. Our Mission is to "Maximize each child's potential in every life stage." Our therapies support individuals to acquire communication skills in order to grow as unique and special persons and thrive within their respective communities. AASL prides itself on our unwavering commitment and dedication to providing quality, personalized, results-driven, and evidence-based treatments.

Our Vision: We created AASL because we desire to provide something more to our clients than what is just traditionally provided inside the 4 walls of a therapy room. We desire to provide a level of care where our clients feel like an extension of our family, knowing they are getting the best, skilled, compassionate support for their child. We believe that all children have limitless potential, with abilities that just need to be nurtured, developed, shaped, and fully maximized. We believe that this potential is achieved through fun, creative, and quality therapy services. We believe that this potential is achieved through working hand-in-hand with each child's family. We believe that this potential is achieved through a harmonious collaboration amongst the child, their family, and our therapy team. This might look different for every child, but it is our deepest hope and desire that we can help your child achieve his or her greatest potential alongside our team, our family of therapists, who can't wait to greet you with open arms and a smiling face. We're in this together, throughout every life stage; let's go! -Alicia Yimoyines Martinez M.S. CCC-SLP & Briann Yimoyines Papp M.S. CCC-SLP

We are different from any other company in the Tampa Bay area with our close-knit team of professionals, family-focused and personalized care, and commitment to offering programs that seek to address the whole child. We believe that an interdisciplinary approach to addressing the needs of each individual child is essential; we also understand that other therapies, in conjunction with speech therapy, can result in amazing gains! In line with our core values of creativity, loyalty, respect, teamwork, empathy, gratitude, integrity, service, reliability, and optimism, we are seeking an energetic, professional, self-motivated, passionate, and personally invested Occupational Therapist to join our team. Collaboratively, we can make remarkable changes in the lives of those we treat!

Part-time and full-time opportunities are available with competitive compensation. **Please send an email to info@aspeech.com with your resume, along with information detailing the type of position you are seeking, and your top three (3) qualities that would make you an excellent candidate for this position.**
